

## ▲ *Tibits*

If you don't mind serving yourself and weighing what you eat, Tibits is a stylish vegetarian's dream hidden just off the bustle of Regent Street. A word of warning – don't treat it like a buffet or you'll end up with far too many flavours on your plate, you can always go back up for more! There's no need to book either, so if you have forgotten that date it shouldn't be a problem. Just make out like you planned it that way.
